High School Transition Program

Dear parents/carers,

To assist our Year 6 students with their transition to high school, we will be conducting a High School Transition program for two days in Week 7 of this term. This will involve the Year 6 students following a high school type program for the two days – having set periods for each lesson, moving from class to class for their lessons and encountering many different teachers. Lessons will be conducted by teachers within and from outside the school, who have volunteered to teach subjects such as: Japanese, Science, Mathematics, Dance, Drama, First Aid, etc.

The program will be conducted on Monday 25 and Tuesday 26 November.

Hopefully, this program, in conjunction with the normal High School Orientation days, will give Year 6 students a taste of what to expect in high school next year.

If you have any enquiries regarding the program, please contact your child's teacher at school.
