Dear Parents/Carers,

The children in Kindergarten and Stage 1 will all be participating in an online Reading and Spelling program called Nessy. It is an excellent resource that allows children to work through 100s of online learning clips and activities that help them to progress from beginner readers to confident readers.

Each child will have a login and once set up, they will be able to access Nessy Reading and Spelling Program both at home and at school. It can be used on a laptop /tablet/iPad, etc. They will have until January of next year to use the program.

This is a highly regarded phonics program that is also a lot of fun. At a later date I will be offering a parent workshop so you can see how to make the most of the program.

For now, I just wanted to let you know that your child will be given login details in the next week or so.

You only need let me know if you DO NOT want your child to participate for any reason. Please feel free to look up the program online – you will be impressed.

Regards

Louise Bishop  
*Learning and Support Teacher*
